

NORONT RESOURCES DONATIONS AND SPONSORSHIPS PROGRAM

INFORMATION & ELIGIBILITY CRITERIA

Noront Resources Ltd. (Noront) is committed to actively supporting the communities surrounding our operations in the Ring of Fire in Northern Ontario and those in which our employees live and work. While we are actively involved in supporting ongoing and annual events in these communities, we give consideration to other funding requests from **non-profit organizations, local Aboriginal communities, municipalities, educational institutions and other initiatives**. The Noront Resources Donations and Sponsorships Program (NRDSP) is intended to complement, not substitute for, Noront's Corporate Social Responsibility commitments.

The NRDSP strives to support those with mandates that contribute to the economic and social development of the before mentioned communities. **Preference is given to requests which are in alignment with Noront's key areas of focus**, namely:

- Youth
- Education, Literacy and "Stay in School"
- Community Capacity Building and Leadership
- Health and Wellness
- Culture and Recreation
- Economic Development
- Development of People, Organizations and Processes Needed to Address Community Issues

Please note that individuals, teams, travel and annual operating campaigns are not eligible.

In order to apply for the NRDSP, please complete the application form and write an informative letter outlining the purpose behind your request. Please answer the questions below in your letter. If you feel that one of the questions is not applicable to your request, please indicate so in your letter.

- Please explain, in detail, the project/initiative for which you are requesting funding. Include the target group of the project/initiative and the number of individuals who are expected to benefit from it. Thoroughly discuss its expected outcomes and impacts (short term and long term).
- If you have received funding from Noront Resources before, please describe the success of the project/initiative which the funding was used towards. If this is a recurring project/initiative, how would you improve it and how can funding from Noront Resources enable you to do so?
- In what way is your project/initiative innovative?
- In what way is your project/initiative sustainable? Does this project/initiative have the potential to thrive independently without ongoing support?
- In what way is your project/initiative collaborative? Does the project/initiative involve multiple organizations and/or work across sectors or disciplines? Please include the current and anticipated contributors and partners to the project/initiative.
- Are you committed to measuring the outcomes of the project/initiative and the specific outcomes associated with the funding received from Noront Resources? If yes, how will you go about doing so?

An internal committee will review all applications on the first of every month. All applicants will be notified of Noront's decisions.

Please send your application and letter to:
